

Classics Elite 94G White Fundraiser

# MultiTouch Soccer Ball

\$20 - includes an instructional DVD  
Wide variety of color combinations to choose from!

The MultiTouch soccer ball trains mind, body, and brain! It's like having a portable rebound wall wherever you go! It technically develops...

- ⚽ Speed of touch with both feet
- ⚽ First touch skills
- ⚽ Mental focus
- ⚽ Reaction Time
- ⚽ Balance
- ⚽ Coordination

The MultiTouch ball is attached to a durable, adjustable bungee rope that fits around the waist. It plays directly from right foot to left forcing the use of both feet while the player practices volleying, passing, juggling, and ball control. Goalkeepers love it for training in catching, distribution, and reaction. The ball can be used indoors or out allowing the player to get the necessary amount of touches needed to improve his or her game. For more information, contact Janice Troy at [jtroy1@satx.rr.com](mailto:jtroy1@satx.rr.com) or 492-8986. Please visit the MultiTouch website at <http://www.multitouch.com> to view a video of this product.

To place an order, please mail the form below or contact Janice Troy via email. A meeting time at the practice fields will be arranged. Ball color can be chosen at this time.
